

eSafety software

Is your school protected from online extremism?

Future Digital is an intelligent active monitoring solution that makes eLearning safe, fulfils your Prevent duty and meets your Ofsted requirements

1

Monitors your schools' network & devices

2

Uses libraries of keyword captures including radicalisation & cyberbullying

3

Alerts and reports any harmful behaviour within the school

4

Creates a screenshot of activity to review

5

Allows you to assess severity before taking action

Monitor a range of devices

Also protects your school from:

- + Instances of grooming, such as sexual threats
- + Inappropriate or harmful behaviour on social media apps
- + Exposure to racist, homophobic or extreme language
- + Inadvertent exposure to inappropriate web content such as sex or violence
- + Deliberate access to inappropriate websites
- + Accessing online gambling and shopping sites

Intelligent active monitoring solution

“It’s about teaching children to be responsible.”

Using Future Digital, Lee can immediately view the captured activity as a screenshot and analyse the context of the capture and then decide whether further action needs to be taken.

Lee Batstone | Headteacher | Madley Primary School
