

Maudsley & Bethlem Hospital School

Maudsley & Bethlem Hospital School Testimonial

"We engaged the services of SBS consultancy during a busy period in our school and I have been **more than happy** with the support we received and continue to receive.

We needed to find a replacement for our long-serving financial consultant and SBS moved very quickly to build a new working relationship with a highly professional member of their staff. She has been able to respond to the school's needs very flexibly and has quickly integrated into the work of our financial team. She is also helping us through a complicated migration onto a new finance system, which is helping us to focus on the day-to-day tasks. This has been very reassuring.

We also needed a financial processing service as a back-up to our on-site work and this was also provided very quickly.

The SBS staff that I have liaised with during this time have been **highly responsive** to school requests and we feel fully supported. **Would not hesitate to recommend."**

Maarten Crommelin

Head of School
