

Gospel Oak Secondary School Testimonial

“David has been an essential asset for the school in ensuring the Spring census was completed and key information was available on time for an Ofsted inspection. He has identified and fixed a wide variety of issues in the school’s data systems which allowed the planning and development of targeted intervention procedures. This would not have been possible without his work which is notable by his attention to detail and tenacity to ensure things were absolutely correct.”

Simon Austin

Trust Strategic Systems & Data Manager
