

SIMS Training Non-school Delegate Testimonial

"I recently attended the SIMS Basics 4 day webinar online with School Business Services (SBS). I was very happy with the sessions and the topics covered. I now have a basic understanding of the SIMS Application and its topics which will be extremely useful now I am applying for jobs. My Trainer Justin Bottinga explained each section clearly and delivered the sessions very well.

He was ready to explain any doubts I had there and then and also guided what next steps I should take in regards to training to help in my search for a work within a school. SBS offered fantastic service and because of this I have now booked onto a second session for attendance training in march. I will be recommending SBS to friends and family who wish to pursue a career in school administration. My heartfelt thanks to the SBS team for their guidance."

Shamshath Inayathullah

Non-school delegate
