Notre Dame Catholic Sixth Form College SBS Budgets Testimonial

"SBS Budgets has enabled me to gain clarity on the financial position of our sixth form. I now have comfort in our staffing costs as I reconcile these monthly using the payroll reconciliation feature.

SBS Budgets enabled me to create a 3-year budget and produce different scenarios for sensitivity analysis seamlessly. The onboarding team worked with me on the setup in a way that reflected the reporting needs of the College Financial Forecasting Return (CFFR). I was promised a 2 week onboard and SBS delivered brilliantly. With a fabulous support desk who answer the phone every time you call I wouldn't hesitate to recommend SBS as your go-to sixth form budgeting software."
