

Queen Elizabeth's School Testimonial

“When I first joined Queen Elizabeth's School I received one-to-one training from SBS on PS Financials – a system I was completely new to. SBS delivered the training onsite at my school and we were able to use live documents from our school's finances during the training, which gave me a greater understanding of how the system worked.

This also meant that I was able to jump straight into my new role with confidence at a very busy time for the school. The SBS team also provided aftercare support via the Service Desk, which gave me reassurance that any questions I had after my training was completed would be answered.”
