

Does your school have the correct Microsoft Licensing?

Microsoft Desktop Licensing for Education is designed as a simplified way to acquire Microsoft Software and Services under a single subscription.

- Covers all staff and shared use computers.
- Provides assured coverage through one annual count of employees.
- You can add additional products as needed.
- Has the benefit of software assurance, enabling you to upgrade to the latest software version.
- One annual payment with pricing held over a 3 Year agreement.

- ✓ Implementing licenced Windows software saves time, reduces costs, increases security and ensures that your school is compliant.
- ✓ Being compliant allows software upgrades and the latest security patches to be installed quickly and easily across your network.
- ✓ A desktop license covers you for Windows, Office and Core Client access licenses.
