

# Market-leading school data protection

What would be the greatest impact if your school data backup failed?

- Loss of critical data?
- Downtime of not being able to access information?
- Time and resources trying to recover and restore data?
- The direct effect on your teachers and pupils?
- Your school's reputation?
- Non-compliance of data protection and education legislation?
- Future investment and development?

All of the above?

## Are you willing to take the risk?

Across the globe, schools are increasingly reliant on computer systems and digital content to teach their pupils the core subjects of the curriculum. Administration data on each pupil and how the school functions is essential, highly sensitive and needs to be protected in a secure and reliable manner.

**A robust backup solution will ensure your critical school data is safe at all times and provides peace of mind.**

### Using our schools service:

- ✓ your data is backed up securely
- ✓ your data is in an encrypted format
- ✓ your data backup is managed over the internet
- ✓ your data is safe in the event of a disaster

“SBS provides our school with a reliable backup solution, providing timely responses when encountering loss of important pupil data. Previous solutions have taken up to 3 days whereas SBS have always provided a swift same-day response.”

Lorraine Conway, Office Manager, Selwyn Primary School

# School backup trusted by 11,000 schools

SBS provides a leading school data backup service, delivering an easy-to-manage, efficient and reliable solution.

The fully encrypted and automated offsite backup service ensures your critical data is protected. In addition, only the end user has access to the encryption key meaning that not even SBS can read the data on our platforms.

## Features of our service:

- ✓ Offsite disaster recovery
- ✓ Fully automated, no human intervention or management at the school site
- ✓ All data is encrypted before it leaves the school
- ✓ No extra hardware, DVDs, CDs or tape
- ✓ No data security risk and embarrassing headlines
- ✓ Quick and easy data recovery
- ✓ Capita's approved backup service for SIMS
- ✓ Backups and restores can be conducted anytime, from anywhere to anywhere
- ✓ Reduce your carbon footprint – no more IT technicians driving around visiting schools to fix tape related backup issues
- ✓ Adheres to data protection act, SFVS and local legislation requirements

“In the past we have only been able to complete a full backup once a week due to the volume of data and the need to put everything into separate folders. Now we are able to do a complete backup every night which gives me much more peace of mind that the critical data is being backed up.”

Gillian Parsons, Network Manager, Dubai English Speaking College
