“The introduction of SBS Online into Ajman Academy has allowed me to produce more accurate, professional looking information to my Board of Directors. With excellent customer service by the service desk and the ability to use one platform to produce a five year budget, carry out financial scenario planning and also budget monitoring, SBS Online has proven invaluable to me. A thoroughly recommended tool that is so easy to use and yet produces excellent results. A lifesaver!”

Gary Wills | ACMA | CGMA - Finance & Administration Manager, Ajman Academy
