

# Remote Services

## End of Key Stage

SBS can prepare SIMS Assessment Manager for you

The Early Years Foundation/Key Stage Remote Service is designed to ensure that SIMS Assessment Manager is fully updated and ready for grade entry, report generation and data submission to the local authority.

This once a year procedure comes at a very busy time for schools. It can be time consuming and the many stage process means it is easy to get lost along the way.

Why spend time working out which key stage resources you need and how you should import them, when we can do it all for you?

### Our service includes:

- The importing of all relevant assessment wizards (EYFS, Key Stage 1, Key Stage 2, Year 1 Phonics and Year 2 Phonics re-take collections as appropriate)
- Creation of all the required key stage marksheets ready for data entry, by Year Group and Class as required
- Readiness of Individual Report templates for end of year reporting to parents

### Key benefits

- Provides key support for an important submission during a busy period
- Free up school staff to deal with other priorities
- SBS' experienced SIMS practitioners give you peace of mind that your submission data is up-to-date

"I have always been extremely satisfied with the level of service provided by SBS. I have always taken any opportunity to recommend their services to colleagues from other schools, and will continue to do so."

Walthamstow Academy - John Donovan (Data Manager)

### Prefer to attend our SIMS Assessment training course?

Alternatively, we can provide training for your school so that staff gain a wider understanding of how SIMS Assessment works and feel fully confident that your data is fully updated before submitting to the local authority. [Click here for more information](#)
