

SIMS Parent Lite app implementation

A free app for school GDPR data accuracy!

Released by Capita, the SIMS Parent Lite app is a free tool designed to help schools and parents take charge of pupil data.

Special offer

SIMS

helping schools inspire

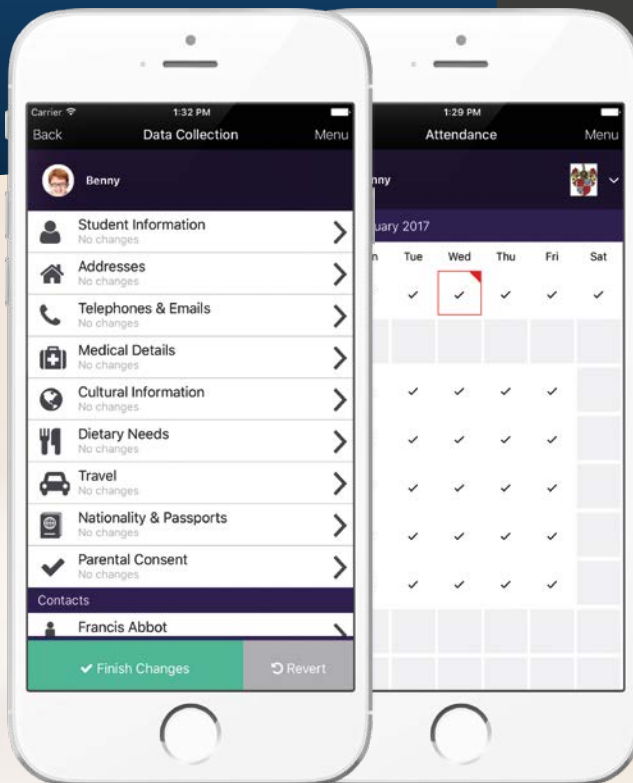

Accredited Support

Implementing the app is not straight-forward!

The SBS MIS team can handle the whole process for just **£95^{+VAT}**

We can also provide remote or onsite training for SIMS-ID, which the app integrates with for account management.

£95^{+VAT}

Product in brief

- On iOS, Android and browsers
- Included in your SIMS licence
- Send alerts to parents to update their details
- Parents can send back amendments
- Schools must accept the proposed changes before they are applied to the SIMS database.

And many more features...
