Introduction

This preparation guide has been produced to help you to identify the most common tasks that need to be carried out before running the School Census Summer 2019 Return.

The information in this guide applies to all LA maintained Nursery, Primary, Middle deemed Primary, All-Through (nursery and primary phase) and Special schools, and Pupil Referral Units (primary phase). It also applies to Academies that cover any of these school phases.

Where the information relates to a specific school phase, it is indicated in red, e.g. **Applicable to Special schools only**.

NOTE: The content of the graphics (dates, names, etc.) displayed in this preparation guide are examples only of what you might expect to see when using SIMS to prepare for the forthcoming School Census Return.

How has the School Census Summer Return Changed since Last Year?

School Census Summer 2019 Key Dates

- Census date 16/05/2019
- Attendance collected from 01/01/2019 to 21/04/2019
- Exclusions collected from 01/09/2018 to 31/12/2018
- Free School Meal Eligibility collected from 18/01/2019 to 16/05/2019.

Setting Permissions

The following permissions are applicable to users who deal with returns.

Running the Return

To run the return, you must be a member of one of the following user groups in System Manager:

- Returns Manager
- Returns Operator.

Editing and Preparing Data

Users who edit and prepare data must have permissions to access additional areas of SIMS, e.g. pupil details, school details, etc. These users must be a member of the user groups applicable to the areas they are editing (please see *Where to find More Information about Permissions* on page 2).

Importing Revised Files

The Import Fileset functionality enables updates to the Validation Errors Summary and the Summary report (derived from files supplied by the Statutory Body), and detail reports (provided by SIMS), to be imported into SIMS between SIMS releases.

To use the Import Fileset functionality (via **Tools | Setups | Import Fileset**), you must be a member of one of the following user groups in System Manager:

- Returns Manager
- System Manager.

Where to find More Information about Permissions

Please contact your System Administrator/Manager if you are not sure whether you have the required permissions. For more information, please refer to the *Managing SIMS Users, Groups and Databases* handbook.

What Version of SIMS is Required?

To run the return, you must have the SIMS 2019 Spring Release (7.186) or later installed.

To check which version of SIMS is installed, open SIMS and then select **Help | About SIMS**. A dialog similar to the one shown in the following graphic is displayed.

The version should read 7.186 or later.

Importing Revised Filesets for Validation and Reports

Applicable to the Personnel Officer, Returns Manager and System Manager

The Validation Errors Summary and the Summary report are derived from files supplied by the Statutory Body. In addition, SIMS provides detail reports to enable the checking of data used to generate the return. These report files are initially installed automatically during the SIMS release upgrade.

Occasionally, additions or corrections are made to these files, after a SIMS release, which are required for the forthcoming return. The Import Fileset functionality is provided to enable these files to be imported into SIMS (between releases) by the Personnel Officer, Returns Manager or System Manager.

Revised files can be:

- downloaded from the SBS Blog to a folder of your choice.
The files available for download from the SBS Blog are zipped. Once the ZIP file is downloaded it should be unzipped to a folder of your choice. The Import Fileset routine can then be run by a user at the school who has the appropriate permissions.

IMPORTANT NOTE: Ensure that the Document Management Server (DMS) is configured correctly before attempting to import the files.

- authorised and deployed to schools via SOLUS3. The Import Fileset routine can then be run by a user at the school who has the appropriate permissions.

IMPORTANT NOTE: In SOLUS3, administrators must ensure that the SIMS user details (SIMS username and password) and SIMS database are set up in **Targets**.

For more information, please refer to the *SOLUS3 for Local Authorities handbook*.

TIP: To check which version of the fileset is currently in use, select **Routines | Statutory Returns | School Census** to display the **Census Return** browser. The **Validation Fileset ID** is displayed in the browser header.

Before Importing the Revised Files

To enable the file(s) to be imported successfully, ensure that the DMS is configured correctly. This is achieved via **Tools | Setups | Document Management Server**. Click the **Test server connection** button to check if the specified DMS is available for use and functioning correctly.

If the connection is unsuccessful, check the following details:

- The **Protocol** field defaults to **http** and should not be edited.
- The **Computer name** should be the name/number of the PC on which the DMS is installed.
- The **Port** number is usually 8080. The number must be between 0 and 65535.
- The **Active** check box must be selected, indicating that the server is in use.

Click the **Test server connection** button again. If the DMS is now working correctly, click the **Save** button.

Importing the Revised Files

1. In SIMS, select **Tools | Setups | Import Fileset** to display the **Import Fileset** page, where the current fileset number is displayed.

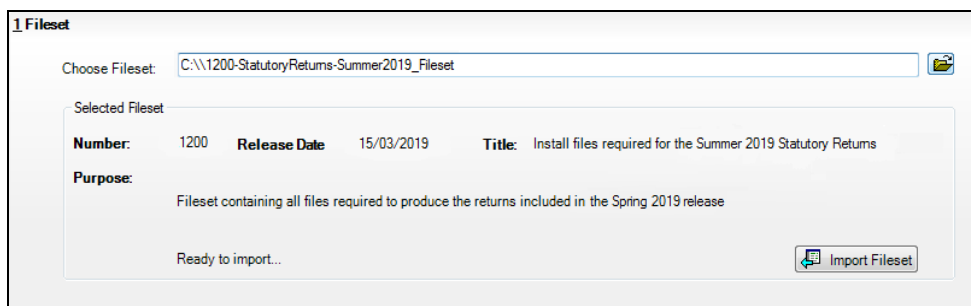

The screenshot shows the 'Import Fileset' interface. At the top, it says 'Import Fileset'. Below that, there is a section for '1 Fileset'. Underneath, it displays 'Current Fileset Number is 1200'. There is a 'Choose Fileset:' label followed by a text input field and a small icon representing a file browser.

2. Click the **Browse** button to display the **Open** dialog.
3. Navigate to the location of the downloaded fileset. The file name is made up of the following data fields: <Fileset Number>-StatutoryReturns-<Term and Year>_Fileset.mfs.

IMPORTANT NOTE: If more than one MFS file is displayed in the **Open** dialog, care should be taken to select the correct file.

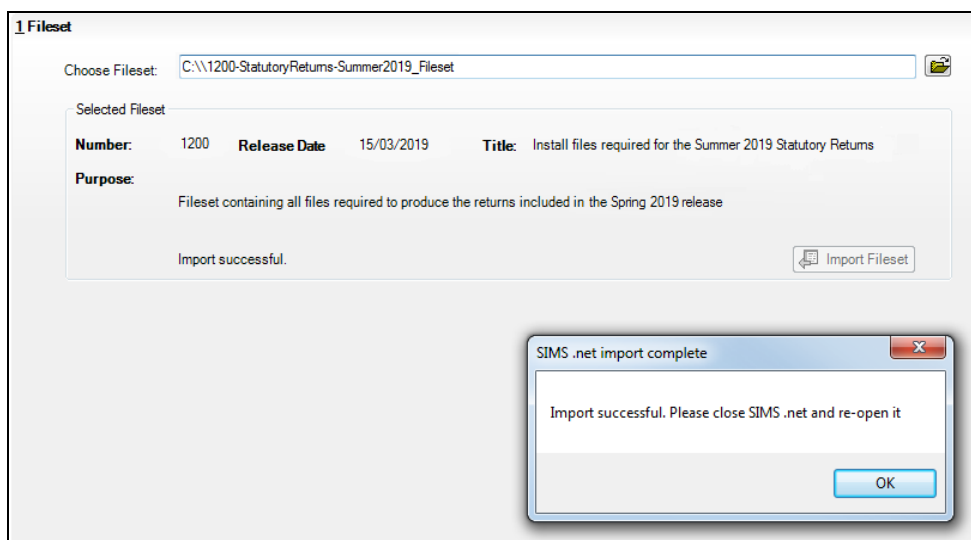

- Highlight the file then click the **Open** button. Alternatively, double-click the required MFS file to return to the **Import Fileset** page.

NOTE: The following graphics show example data only.

Details of the selected fileset are displayed, including the version **Number** of the fileset, the **Release Date** and the fileset description (**Title**).

- Click the **Import Fileset** button to import the fileset into the DMS. When the import process is finished, **Import successful** is displayed at the bottom left-hand side of the **Fileset** panel and you are advised to restart SIMS. This ensures that the newly imported data will take effect.

- Click the **OK** button then restart SIMS.
- Run the return in the usual way.

 **Completed**

School Census Return Process Flow

The following provides a brief outline of the steps involved in producing the School Census Summer 2019 Return. If data has been regularly and accurately maintained, many of the activities in this document are unnecessary. However, it is advisable to check to ensure that the information is up-to-date.

1. Upgrade to the SIMS 2019 Spring Release (7.186) or later.
2. Carry out one or more dry runs to identify any errors that may exist in your data.
3. Ensure that the relevant pupil and school data exists in SIMS and that it is complete and correct. Use the Bulk Update routine (**Routines | Pupil | Bulk Update**) to add missing or correct invalid data, if required.
4. Complete the information on the **Census Return Details** page.
5. Create and validate the return.
6. Resolve any validation errors/queries and then create and validate the return again.

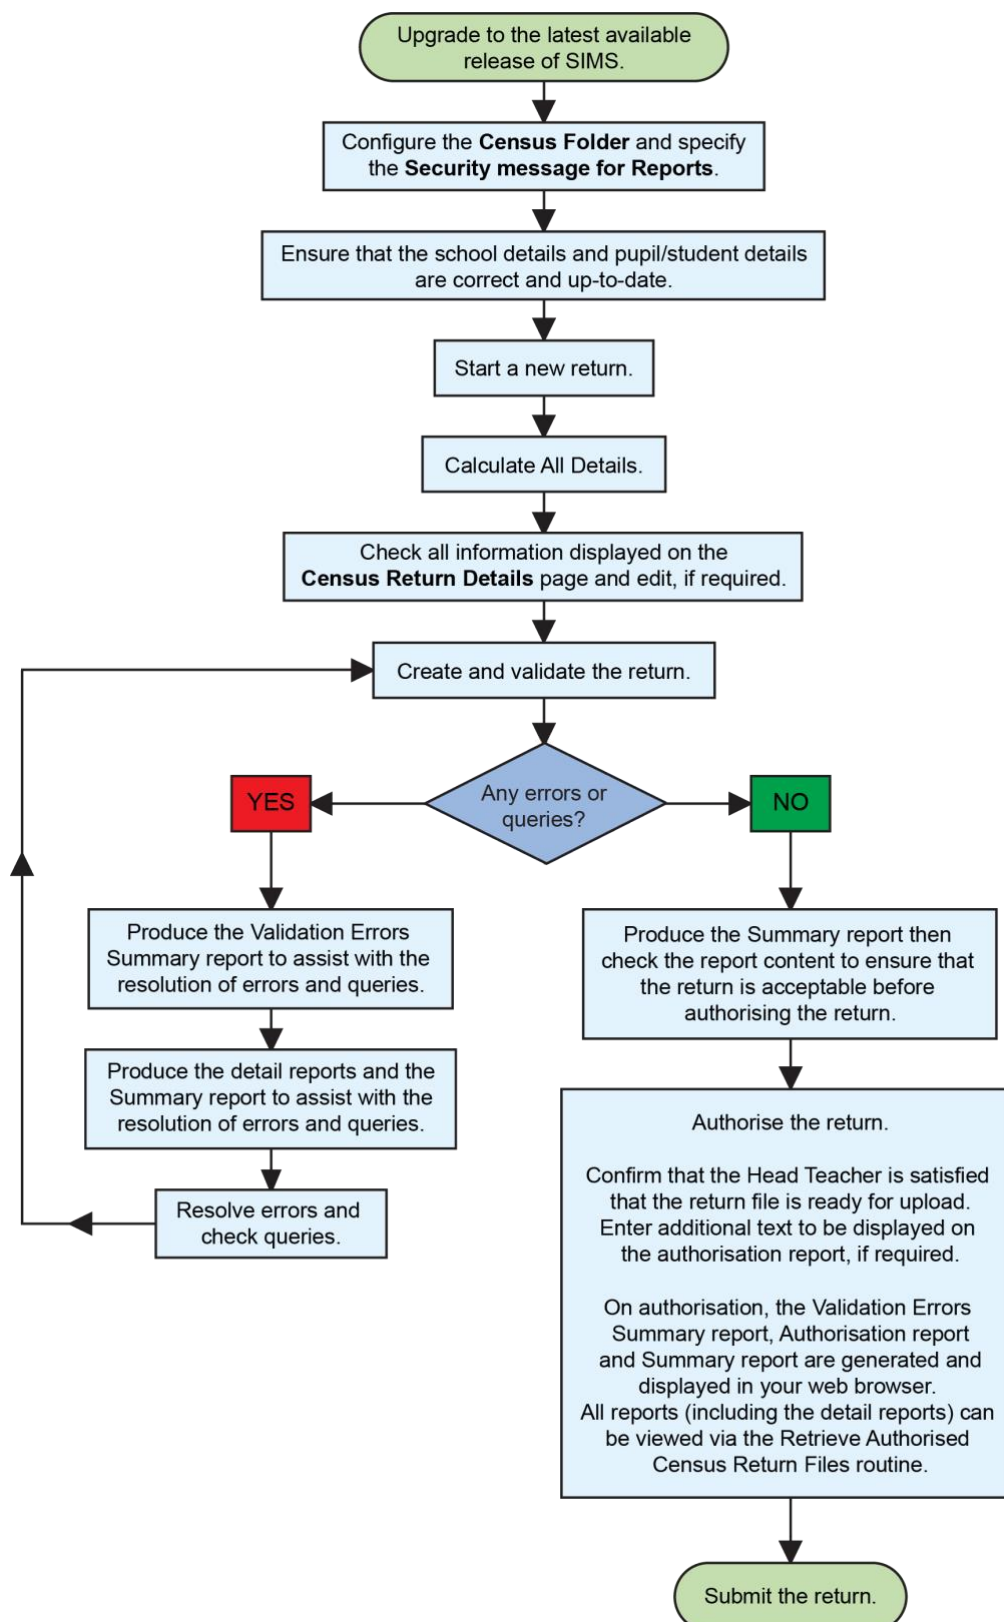

Continue to resolve the validation failures then repeat the Create and Validate routine until you are satisfied that the content of the return is correct.

The detail reports and Summary report can be generated to assess the accuracy and completeness of the return.

7. Provide the Head Teacher with the latest copy of the Summary report to enable them to check that all information is correct before they give approval for authorisation of the return.

The Summary report can be used in conjunction with the detail reports.

8. Once approval has been given, authorise the return (**Routines | Statutory Returns | School Census – Authorise** button).
9. Upload the return to the DfE COLLECT data collection website or submit it to your Local Authority, as applicable.

02 | Carrying out a Dry Run

Why Carry out a Dry Run?	9
The Dry Run Process.....	9

Why Carry out a Dry Run?

When you have upgraded to the SIMS 2019 Spring Release (7.186), you can carry out one or more dry runs of the return.

The purpose of a dry run is to produce the Validation Errors Summary, which provides details about any corrections that need to be made to your data to make it acceptable for inclusion in the return. To ensure that you are aware of potential issues, it is advisable to do this as early as possible, even if you know that your data has not yet been fully prepared or checked.

Whilst a significant number of errors may be generated, many of the errors that relate to pupils, e.g. language, can be fixed quickly using the Bulk Update routine (please see *Updating Information Using the Bulk Update Routine* on page 24).

The Dry Run Process

1. Select **Routines | Statutory Returns | School Census** to display the **Census Return for Summer 2019 Term** browser.

2. Select an existing School **Census Folder** or enter a new location in which the School Census files will be stored. You may wish to make this a temporary folder for the purpose of producing a dry run.

IMPORTANT NOTES: Due to the sensitive nature of some of the data stored in SIMS, careful consideration must be given when specifying the location of any folder into which you save sensitive data, e.g. census returns, imported and exported CTFs, etc.

You should be mindful of your school's responsibilities with respect to information security. Consider which users have access to the chosen folder, especially if the folder is shared on a server. Please refer to the government website for more information about securing your information (<https://www.gov.uk/service-manual/technology/securing-your-information>). If you are in any doubt, you should consult with your IT Security Officer before proceeding.

The General Data Protection Regulation (GDPR), which replaces the Data Protection Act 1998, is a directive for certain safeguards regarding the use of personal data. It is important that schools process all data (not just the data collected for the school census) in accordance with the full requirements of the GDPR.

Further information on the GDPR can be found on the Guide to the General Data protection Regulations (GDPR) page of the Information Commissioners Office (ICO) website (<https://ico.org.uk/for-organisations/guide-to-the-general-data-protection-regulation-gdpr>).

3. Click the **New** button to display the **Census Return Details** page.

4. By default, the return **Description** is displayed as **School Census Summer 2019**. Edit the **Description** to any name that will clearly distinguish this dry run from the actual return, which will be generated later, e.g. Summer19Test.
5. In the **Census Details** panel, click the **Calculate All Details** button to extract the required information from the SIMS database and display the results in the various panels of the **Census Return Details** page.
6. If there is any missing or invalid data, an error message is displayed on the Status Bar. This data must be added/corrected before you can create and validate the return.
7. Click the **Create & Validate** button to start the validation process. This may take some time. Any missing or invalid data is listed in the **Validation Errors Summary** panel, located at the bottom of the page.

Additional Resources:

Detailed information about completing the individual panels on the **Census Return Details** page is available in the *Producing the School Census Summer 2019 Return* handbook applicable to your school phase.

The number of errors and queries found during the Create and Validate process is displayed in the header of the **Validation Errors Summary** panel.

Details about each of the errors and queries found are displayed in the columns as described in the following table.

Column	Description
Type	Displays the type of validation rule: Failure (F displayed in red) indicates an error, which must be corrected. Query (Q displayed in black) indicates that there are unusual data conditions. These should be considered and corrected, if necessary.
Sequence	Shows the error or query number.
Message	Displays the text of the error or query message.
Location	Lists the specific record containing the error or query.
Solution	Provides a suggestion on how the error can be corrected or the query checked. Many solutions have a hyperlink (indicated by a #) to the appropriate area of SIMS.

To assist in the resolution of any errors and queries:

- When the mouse pointer is hovered over a **Message**, **Location** or **Solution** cell, hover help displays the entire content of that cell.
- When the mouse pointer is hovered over an error or query row, it changes to a hand if a hyperlink is available to the area of SIMS where the issue can be checked.

NOTE: A hyperlink is also indicated by a hash symbol (#) preceding the **Solution** text.

Click the appropriate hyperlink to display the specific SIMS area where the record(s) can be checked or corrected.

- The Student Search functionality can be used to display all errors and queries relating to a particular pupil. Enter all or part of a UPN, pupil's surname or date of birth in the **Student Search** field then select the required record from the **Student Search** drop-down list to populate the **Student Search** field. The width of the columns can be changed by dragging the dividing line between the column headings until the required size is achieved.

- View a summary of validation failures, which is particularly useful if there are a large number of errors/queries, by clicking the **Report** button (located at the left-hand side and directly above the **Validation Errors Summary** panel). The report is displayed in your web browser, from where it can be printed or transferred to another application, if required.

The report (Validation Errors Summary.HTML) is saved automatically in the **Census Folder**, which was specified previously in the **Census Return for <season> <year> Term** browser. The original report, which was generated when the **Create & Validate** button was clicked (e.g. <LACode><SchoolNumber>_<SurveyType>_<LACode><LL><Year>_<SerialNumber>_ValidationErrorsSummary.HTML), is also stored in this folder.

For guidance on navigating to files on your local workstation when you are working in a Hosted environment, please contact your System Manager or Local Support Unit.

Resolve as many errors and check as many queries as possible then revalidate the return details. Continue to resolve failures and revalidate the return as many times as necessary.

NOTE: All errors must be resolved and all queries must be investigated.

If at any point you wish to hide the list of error and queries, click the **Close** button located at the top right-hand side of the **Validation Errors Summary** panel. The list is displayed again when the Create and Validate process is run.

Many of the errors generated can be fixed quickly using bulk update functionality (via **Routines | Pupil | Bulk Update**). For more information, please refer to the *Managing Pupil/Students* handbook.

In addition to the **Validation Errors Summary**, an Errors and Resolutions document containing a list of all errors/queries that can be generated is being produced. Explanations and information on how to resolve the errors or whether the queries can be ignored are also included. The document can help to identify the order in which errors should be corrected. For example, if a UPN is missing, several UPN related errors might be generated. Therefore, adding missing UPNs can remove several errors.

Producing Detail Reports

Detail reports can be used to check the data stored in SIMS that has been used to create the return.

The following reports are currently available:

On-Roll Basic Detail Report

Report Criteria: Pupils on-roll on census day.

This report provides information about all pupils who are on-roll on census day, e.g. UPN, legal surname, legal forename, preferred surname, former surname, date of birth (DOB), gender, year taught in (YTI), date of admission (DOA), enrolment status, language, class type, part-time status and boarder status.

Leavers Basic Details Report (not applicable to Nursery schools)

NOTE: Pupils are only included in the return as leavers if they have attendance, exclusions or learner support data that falls within the collection period.

The report criterion varies depending on your school phase.

- Leavers with attendance 1 term ago (01/01/2019 to 21/04/2019)
- Leavers with exclusions 2 terms ago (01/09/2018 to 31/12/2018)
- Leavers with learner support of Vulnerable Group Bursary Awarded or Discretionary Bursary Awarded (01/08/2018 to 16/05/2019).

The Leavers Basic Details report provides the following information, where applicable: UPN, former UPN, legal surname, legal forename, middle names, former surname, date of birth (DOB), gender, date of admission (DOA), date of leaving (DOL), language, part-time status, boarder, attendance and exclusion.

Exclusions Report (not applicable to Nursery schools)

Report Criteria: On-roll pupils and leavers with exclusions two terms ago (01/09/2018 to 31/12/2018). Not applicable to pupils who have exclusions with appeal result of **Reinstated** or **Not in the best interests of the child**.

This report provides the following details about pupils who match the report criteria: UPN, legal surname, legal forename, date of birth (DOB), gender, date of admission (DOA), exclusion category, reason for exclusion, exclusion start date, number of session excluded from, SEN provision and on-roll status.

Attendance Report (not applicable to Nursery schools)

Report Criteria: Pupils with attendance one term ago (01/01/2019 to 21/04/2019). On-roll pupils and leavers (not boarders) aged four to 15 at 31/08/2018.

This report provides basic pupil information (i.e. UPN, legal surname, legal forename, date of birth (DOB), gender, year taught in (YTI) and on-roll status) about the pupils who match the report criteria.

The number of termly sessions possible and the number of termly absence sessions are shown. The columns displayed on the right-hand side of the report shows termly attendance codes for authorised absence sessions and unauthorised absence sessions. Attendance not required sessions (Y) are also shown.

Absentees Report (not applicable to Nursery schools)

Report Criteria: On-roll pupils and leavers (not boarders) who have an absence rate of 10% or above, with attendance one term ago (01/01/2019 to 21/04/2019), who were aged four to 15 at 31/08/2018.

An individual pupil's overall absence rate is calculated as follows:

$$\text{Overall absence rate} = \frac{\text{Total overall absence sessions}}{\text{Total sessions possible}} \times 100$$

The report provides the following information about the pupils who match the report criteria: UPN, legal surname, legal forename, date of birth (DOB), gender, year taught in (YTI), number of sessions possible, session absence (i.e. the number of authorised plus unauthorised absences), on-roll status and enrolment status.

Checking Pupil Details

Before starting the School Census return, check that all on-roll pupils are recorded in SIMS and that as far as possible the information is up-to-date and accurate. Ensure that:

- new pupils records have been added (for more information, please refer to the *Recording a New Pupil/Student* section in the *Managing Pupil/Student* handbook).
- any leavers have been recorded as such (please see *Recording Leavers and Re-Admissions* on page 27).

NOTE: Ensure that a pupil's first language and boarder status are entered before they are recorded as a leaver.

- any duplicate pupil records have been deleted (please see *Deleting Pupil Records Entered in Error* on page 31).
- part-time details have been checked/updated (please see *Checking Part-Time Pupil Information* on page 36).
- pupil details have been updated where required.

04 | Preparing Pupil Level Information

The following sections in this guide provide additional information and specific instructions on checking and editing pupil level data. Some of this data can be checked/updated using the Bulk Update routine (please see *Updating Information Using the Bulk Update Routine* on page 24).

When you have upgraded to the SIMS 2019 Spring Release (7.186), you are strongly advised to carry out one or more dry runs to identify any validation errors and queries that must be resolved before the return is submitted (please see *Why Carry out a Dry Run?* on page 9).

Updating Information Using the Bulk Update Routine

To prevent validation errors from occurring, it is advisable to check your SIMS data for accuracy before the return is created and validated.

Many items can be checked using the Bulk Update routine. This functionality enables you to search for missing or invalid data, then update in bulk. For example, it is possible to search for all pupils who do not have a First Language recorded against their name. From the pupils found, a value can be assigned to all or several pupils. This prevents the need to enter/change values manually for individual pupils.

1. Select **Routines | Pupil | Bulk Update** to display the **Bulk update Pupil** browser.

The screenshot shows the 'Bulk update Student' interface. At the top, there is a search bar with 'Search' and 'Browse' buttons, and utility icons for 'Links', 'Help', and 'Close'. Below this is the 'Bulk Update' panel, which is divided into two columns: 'Student Population' and 'Update Data Item'. The 'Student Population' column contains three fields: 'Group Type' (a red dropdown menu), 'Group' (a red dropdown menu), and 'Effective Date' (a text box containing '16/01/2019' with a calendar icon). The 'Update Data Item' column contains two fields: 'Data Item' (a red dropdown menu) and 'Effective Date' (a text box containing '16/01/2019' with a calendar icon).

2. In the **Bulk Update** panel, select the required **Group Type** and **Group** from the drop-down lists.

The **Group Type** indicates the type of group to list while the **Group** enables the specific group of pupils to be listed. For example, selecting a **Group Type** of **Year Group** enables a specific year to be selected from the **Group** drop-down list, such as **Year 8**.

If searching for missing information, select the particular data field from the **Group Type** drop-down list, such as **First Language**, and then select a specific **Group**, such as **<NONE>**.

It is also possible to use this functionality to review the data entered for all the pupils in the school. This is achieved by selecting **Year Group** from the **Group Type** drop-down list and **<ANY>** from the **Group** drop-down list and then selecting the required **Data Item**.

The following table provides some examples of the searches that can be carried out to identify missing data.

Group Type	Group	Data Item	Comment
First Language	<NONE>	First Language	Identifies pupils who do not have a First Language recorded. Can also be used to change existing values as required.
SEN Status	Education, Health and Care Plan	SEN Provision Type	Lists pupils with a SEN Status of E enabling the SEN Provision to be selected.
Year Group	Year 8 (and above)	Boarder Status	Searches for all pupils in Year Group 8 and then displays the boarder status recorded against each pupil's name.

3. Select the required **Data Item** from the drop-down list, e.g. **First Language**.

4. The **Effective Date** is the date on which the membership of the group is based and defaults to today's date. In most circumstances, it is advisable to change this date to the start of the academic year because most data recorded is applicable from the start of the academic year.

04| Preparing Pupil Level Information

- Click the **Search** button to display the **Members** panel, which displays a list of pupils matching the chosen criteria and the choice of **First Language** types.

Bulk Updating Data with the Same Data Item then Editing the Exceptions

Often, the most effective way of populating missing data is to fill all the rows with the same data item and then edit the exceptions (for example, depending on the ethnic range within your school).

The following example illustrates how to set the ethnicity of all pupils as **English**, then edit the exceptions.

- Right-click the **English** data entry column header (hover over the heading to see the full title, if required), then select **Check All** from the pop-up menu.

All the cells within that column are populated with ticks.

- Edit the exceptions by clicking in the cell associated with the individual pupil and their status, e.g. the first language of Alisha Abhra is Estonian.

- Once you have made all the required changes, click the **Save** button to bulk update the records.

Bulk Updating Data for a Selection of Pupils

There are two methods for selecting a number of pupils.

Entering a Value for a Selection of Pupils

- Highlight the first pupil you want to select, then hold down the **Ctrl** key and highlight the other required pupils.
- Release the **Ctrl** key and then click one of the highlighted cells in the required data item column.

A tick indicates that the pupil has been assigned that value.

Entering a Value for Sequentially Listed Pupils

This method can be used for assigning a value to a group of sequentially listed pupils. For example, clicking the **Assigned** column heading displays all unassigned pupil at the top of the list.

- Highlight the first pupil in the group, hold down the **Shift** key and then click the last pupil in the group (alternatively, hold down the **Shift** key and press the **Down Arrow** key).
- Release the **Shift** key, then click one of the highlighted cells in the required data item column.

A tick indicates that the pupil has been assigned that value.

Recording Leavers and Re-Admissions

Ensure that all your leavers are taken off-roll and any returning pupils are re-admitted.

The accuracy of pupil numbers can be checked by running the Population Analysis (Dated) report (**Reports | Run Report – Focus – Student**). This is a predefined report that gives a breakdown of the number of pupils (including numbers by gender) for each registration group in each year, together with a grand total.

Recording a Leaver

Not applicable to Nursery schools

The **Date of Leaving** is collected for all schools with the exception of Nursery schools.

1. Select **Routines | Pupil | Leavers** to display the **Find Pupil(s)** browser.

2. Ensure that the **Status** of **On Roll** is selected.
3. Click the **Search** button to display a list of all on-roll pupils.

Name	Year Group	Class	Adm. No.	Date of Admission	Date of Leaving	Reason for Leaving	Destination	Expected Start	Grounds for Removal
Abbott, Jessica	R	ASH	001653	01/09/2018					
Abdullah, Tamwar	5	5BB	001275	01/09/2012					
Abhra, Abjit	4	4ES	001336	01/09/2013					
Abhra, Alisha	4	4ES	001337	01/09/2013					
Abhra, Shaqub	R	ELM	001582	01/09/2016					
Abrams, Paul	N2	AM	001651	01/09/2018					

4. Highlight the pupils you wish to record as leavers, then click the **Select** button. The selected pupils are displayed in the **Students** panel.

Name	Year Group	Class	Adm. No.	Date of Admission	Date of Leaving	Reason for Leaving	Destination	Institution	Expected Start Date
Abhra, Abjit	4	4ES	001336	01/09/2013					
Abhra, Alisha	4	4ES	001337	01/09/2013					

5. In the **Leaving Information** panel, enter the **Date of Leaving** or click the **Calendar** button and select the required date.

The date of leaving should be the date that the pupil is actually leaving the school, unless they are transferring from Junior/Primary phase to Secondary phase because Local Authorities normally specify the dates to be used for school transfers so that they match. For example, some authorities prefer not to have any gaps between dates and may suggest a date of leaving the old school of 4 September and the date of admission into the new school (destination expected start date) of 5 September. If you are in any doubt, please contact your Local Authority for advice.

IMPORTANT NOTE: It is recommended that Year 11 pupils are not given a **Date of Leaving** until it is confirmed that they will actually be leaving the school at the end of the Summer term and are not returning to Year 12.

For pupils who stay on for Year 12, without a gap in learning from Year 11, the DfE expects their **Date of Admission** to be the same as it was when the pupil was in Year 11. It is also expected that no date of leaving was recorded for the end of Year 11.

6. Select the **Reason for Leaving** from the drop-down list, e.g. **Elective Home Education**, then either:
 - highlight the pupils to whom this information applies (for multiple selection, use the **Ctrl** or **Shift** functionality) and then click the **Assign to Selected** button; or
 - if the information applies to all the pupils in the list, click the **Assign to All** button.
7. Enter the **Destination after Leaving**, if known, then use the **Assign to All** or **Assign to Selected** options, as required.
8. Specify the **Destination Institution**, if known.
 - a. Click the **Browse** button (adjacent to the **Destination Institution** field) to display the **School Browse** dialog.
 - b. **Search** for, then select the relevant institution. Alternatively, click the **New** button to add a new institution.
 - c. Click the **OK** button(s) to return to the **Leaving Information** panel.
 - d. Use the **Assign to All** or **Assign to Selected** options, as required.
9. Enter the **Destination Expected Start Date** (or select the relevant date from the Calendar), then use the **Assign to All** or **Assign to Selected** options, as required.
10. If the pupil is a child deemed missing in education, select the **Grounds for Removal** from the drop-down list, e.g. **E - Distance**, then use the **Assign to All** or **Assign to Selected** options, as applicable.

IMPORTANT NOTE: To comply with the Children Missing in Education legislation, schools are required to record this information for all pupils on leaving the school.

11. Select the **Learning Aim Withdrawal Reason** from the drop-down list, e.g. **Personal**, (applicable to Secondary, All-Through and Pupil Referral Units only).
The reason for withdrawing from a Learning Aim is collected in the Autumn Return for any Learning Aim with the status of **Withdrawn**.
12. Click the **Assign to All** button or **Assign to Selected** button, as applicable.
13. Click the **Save** button.

*TIPS: To remove a pupil from the **Students** list, highlight their record, then click the **Remove** button.*

*To correct details enter in error, highlight the applicable pupil, then click the **Clear** button. This remove the details drawn from the **Leaving Information** panel for the selected pupil only. Re-enter the information as required.*

*The **Learning Aim Reason** column remains populated after clicking the **Clear** button. However, the data is updated automatically if a different reason is selected and assigned.*

Re-Admitting a Pupil

Any pupil who leaves the school and subsequently decides to return must be re-admitted.

NOTES: Do not remove the leaving date, as the pupil's period of absence from the school will not be recorded.

However, if a pupil is intending to leave but subsequently changes their mind and decides not to leave, the date of leaving can be removed, as continuous attendance has been maintained.

1. Select **Focus | Pupil | Pupil Details** to display the **Find Student** browser.
2. Click the **New** button to display the **Add Student** page. It is necessary to enter limited information here as you know that the person already exists.
3. Click the **Continue** button to display a list of **Matched People**, based on the criteria entered on the **Add Pupil** page.
4. Highlight the required pupil, then click the **Open** button. The following warning message is displayed:
The selected student is a leaver. Do you want to re-admit the student?
5. Click the **Yes** button if you are certain that this is the pupil who should be re-admitted. Their details are displayed on the **Student Details** page.
6. Complete the mandatory fields (**Date of birth, Gender, Year Group, Enrolment Status, Year Taught In** and **Admission Date**) and check any other details that may have changed since they were last on-roll, such as their address.
7. Check that the original **UPN** is displayed.

If it did not previously exist, generate a new **UPN** by clicking the button adjacent to the **UPN** field to display the **Issue UPN** dialog.

Select either the **Issue Permanent** or **Issue Temporary UPN** radio button, then click the **OK** button to return to the **Registration** panel.

The temporary/permanent UPN is issued on save.

8. Click the **Save** button to re-admit the pupil.

*NOTE: If the pupil's registration status has changed from when they were previously on-roll, their enrolment status should be changed via **Routines | Pupil | Change Enrolment Status**.*

Completed

Deleting Pupil Records Entered in Error

If there are pupil records that have been entered in error (such as those resulting in duplicates), ensure that the record is deleted, so that it is not included in the return. This is achieved via **Routines | Pupil | Delete Pupil**.

After selecting the required pupil, you have the opportunity to review and print their details before deciding to delete their record permanently.

WARNING: *The deletion is irreversible; therefore a pupil's record must only be deleted if they have been entered in error.*

Completed

Checking a Pupil's Basic Details

The following registration information is collected in the return and should therefore be checked and corrected, if necessary:

- **Enrolment Status** (mandatory information in SIMS).
The **Pupil** area of SIMS displays read-only enrolment status information only. A pupil's enrolment status can be changed via **Routines | Pupil | Change Enrolment Status** (please see **Changing an Enrolment Status** on page 65).
- **Admission Date** (mandatory information in SIMS)
- **Year Taught In**, i.e. National Curriculum Year Group (mandatory information in SIMS)
- **Boarder Status**
- **UPN**
- **Former UPN** (this is a read-only field, which is populated automatically if the UPN is changed)
- **Part-Time Details.**

Checking Unique Pupil Numbers

Ensure that all pupils have a UPN recorded and that all UPNs are in the correct format. A temporary UPN is acceptable in some circumstances.

1. Select **Focus | Pupil | Pupil Details** to display the **Find Pupil** browser.
2. Search for, then double-click the name of the required pupil to display the **Pupil Details** page.
3. Click the **Registration** hyperlink to display the **Registration** panel.

NOTE: The Early Years Attendance Patterns section of the Registration panel is visible to Primary schools only.

A unique UPN should be entered in the **UPN** field. If the UPN entered has an invalid format, the field turns red indicating that the UPN is incorrect and should be re-entered.

- **Permanent UPNs** are issued to a new pupil only when it is believed that they have never previously been allocated a UPN or to replace a temporary UPN.
 - **Temporary UPNs** are issued to a pupil when the permanent UPN is not known to the school, e.g. awaiting transfer file/applicant's information. A temporary UPN can be recognised by the letter after the UPN number, e.g. H82020010701A.
4. If necessary, issue a new UPN by clicking the **Generate UPN** button adjacent to the **UPN** field to display the **Issue UPN** dialog.

Generate UPN button

5. Select either the **Issue Permanent UPN** or **Issue Temporary UPN** radio button.
6. Click the **OK** button to return to the **Registration** panel.
7. Click the **Save** button. The UPN is generated automatically when the record is saved.

NOTE: A pupil who is adopted after being allocated a UPN is often issued with a new permanent UPN. However, the exact process might vary depending on the circumstances and the guidance issued by your LA/DfE. For information about issuing a new UPN for an adopted child, please seek advice from your LA, if applicable.

DfE guidance is also available on the GOV.UK website (<https://www.gov.uk/government/publications/unique-pupil-numbers>).

Checking Part-Time Pupil Information

The collection of part-time details is mainly relevant to Nursery schools (or schools with nursery age children) and Primary schools with Reception years. However, any pupil can be marked as part-time if their attendance is anything less than 10 sessions per week.

For dual registered pupils, time in other schools should be taken into account. For example, three full days in one school and two full days in another school should not be classified by either school as part-time.

1. Select **Focus | Pupil | Pupil Details** to display the **Find Pupil** browser.
2. Search for, then double-click the name of the required pupil to display the **Pupil Details** page.
3. Click the **Registration** hyperlink to display the **Registration** panel.

NOTE: The **Early Years Attendance Patterns** section of the **Registration** panel is visible to Primary schools only. If applicable, Primary schools should complete the **Early Years Attendance Patterns**, as this will help when updating Hours at Setting.

4. Check the details in the **Part Time Details** section. A minimum of a **Start Date** must be displayed for each record.
5. Part-time details can be added by clicking the **New** button to display the **Add Part-time Attendance** dialog.

6. Enter a minimum of the **Start Date**, then click the **OK** button to return to the **Registration** panel.
7. Click the **Save** button to save any changes.

IMPORTANT NOTE: It is equally important to edit the details of any pupils who are no longer part-time. This is achieved by highlighting the pupil's **Part Time Details** record, then clicking the **Open** button to display the **Add Part-time Attendance** dialog. Enter the correct **End Date**, then click the **OK** button to return to the **Registration** panel.

Checking National Curriculum Year Groups

The National Curriculum Year Group (Year Taught In) is the year group in which the pupil is taught for the majority of the time, regardless of their chronological age. In most cases, this will be the same as the Year Group. However, some children are taught in the year above or below the expected year (based on their age), perhaps because they are academically advanced or behind. It is very important that the correct **Year Taught In** has been recorded in SIMS.

For the School Census Summer 2019 Return, the collection data uses the Age at Date as at 31/08/2018.

The following table shows the Curriculum Year that pupils in England are expected to be taught in (**Year Taught In**), according to their date of birth (during the academic year 2019/2020). This table is provided for reference only.

Year Taught In	Date of Birth Range	Age Range
	After 31/08/2016	1 and under
N1	01/09/2015 to 31/08/2016	2 – 3
N2	01/09/2014 to 31/08/2015	3 – 4
R	01/09/2013 to 31/08/2014	4 – 5
1	01/09/2012 to 31/08/2013	5 – 6
2	01/09/2011 to 31/08/2012	6 – 7

- Via individual pupil records (**Focus | Pupil | Pupil Details**).
- Via the pastoral structure by curriculum year (**Focus | School | Pastoral Structure | Current Structure**).
- Via the pastoral structure for the whole school (**Focus | School | Pastoral Structure | Current Structure**).

4. Ensure that the **Effective Date Range** is changed to **Over the whole academic year** by selecting the applicable radio button.
By default, the records are displayed in alphabetical surname order. Sorting the names in year group order assists in locating pupils who do not have a **Year Taught In** selected.
5. Right-click the **Year Group** heading, then select **Sort By** from the pop-up menu. Any pupils who have not been allocated a year taught in are displayed at the top of the list.

*TIP: To sort the pupil names in date of birth order, right-click the **DOB** column heading, then select **Sort By** from the pop-up menu.*

6. Indicate which year the pupils with missing data are taught in by clicking the appropriate cell in the grid.
7. Ensure that all pupils have been allocated a year taught in and then click the **OK** button to return to the **Current Academic Year Pastoral Structure** page.
8. Click the **Save** button.

Checking Home Address Information

A pupil’s current home address is required for the return. Where a pupil has multiple current addresses, details of all addresses should be recorded.

All aspects of the address are collected and therefore all address details should be recorded to avoid validation errors. It is particularly important to check that a **House Name** or **House Number** and a **Post Code** are entered in the correct fields.

Post codes must be entered in the correct format. A validation error is generated if a post code has not been entered (although it is understood that in some instances, such as Traveller children, a post code is not available).

The Unique Property Reference Number (**UPRN**) is a unique identifier that links together related address records across different software programmes. This enables organisations to collate and share information based on a common reference number.

1. Select **Focus | Pupil | Pupil Details** to display the **Find Pupil** browser.
2. Search for, then double-click the name of the required pupil to display the **Pupil Details** page.
3. In the **Addresses** panel, check that the **Post Code** and **House Number/Name** exist and that they are valid.

These details can be checked by clicking the **Address** button to launch the selected mapping website (specified via **Tools | Setups | User Options**), where a map of the area surrounding the address is displayed.

NOTE: British Forces Post Office numbers can be added as post codes.

4. If the Unique Property Reference Number (**UPRN**) is not displayed below the **Current Home Address Details**:
 - a. Click the **Validate** button to display the **Find Matching Addresses** dialog.
 - b. Highlight the required address, then click the **OK** button to return to the **Addresses** panel, where the **UPRN** is displayed below the address.
5. If you have edited the address, click the **Save** button.
6. If the pupil has an additional current address, i.e. a **Second Home**, enter the additional address and then click the **Continue** button (adjacent to the address) to display the **New Address Details** panel.
7. Enter the remaining address details and the **Address Type**, then click the **Save** button to refresh the display.

Checking Free School Meals Eligibility

Only pupils who have been approved by the LA to receive a free school meal should be recorded in SIMS as being eligible. It is advisable to check that all eligible pupils are recorded.

NOTE for schools with Reception, Year 1 and Year 2:

All pupils in Reception, Year 1 and Year 2 are offered a meal regardless of whether they are eligible for free school meals.

Pupils in Reception, Year 1 and Year 2 must only be recorded as eligible for a free school meal if they meet the criteria for free school meals.

Free school meal guidance for schools and Local Authorities is available from the GOV.UK website

(<https://www.gov.uk/government/publications/free-school-meals-guidance-for-schools-and-local-authorities>).

The following free school meal eligibility related data is collected in for the return:

- **Start Date**
- **End Date** (if known)

The DfE does not expect free school meal (FSM) end dates to be entered by schools during the transitional period to universal credit. There are exceptions to this expectation; the DfE states:

- where a parent has been informed of the FSM protection and they have still indicated that they do not wish the child to be recorded as FSM eligible and receive a free school meal. This should not be confused with a parent's request to end a free school meal claim with a change in their circumstances which are now protected;
- where a pupil transfers from another UK country – their non-English FSM must have an FSM end date;
- claimants who qualify through support under the Immigration & Asylum Act 1999 or the guarantee element of the Pension Credit, their benefit(s) will not be replaced by universal credit and therefore the pupil's FSM entitlement will not be protected. They will only be entitled to a free school meal as long as they retain the benefit. In such cases where the parent has notified the school that these benefits have ended an FSM end date should be recorded.

For more information about FSM end dates, please refer to the *School census 2018 to 2019* guide, which is available on the DfE website (<https://www.gov.uk/government/publications/school-census-2018-to-2019-guide-for-schools-and-las>). Search the document for FSM end dates.

- **UK Country** in which the eligibility applies.

Meal Patterns are not required for the return but can be recorded for information purposes only. It is perfectly acceptable, for example, for a pupil to be eligible for free school meals, but to bring sandwiches (**PL** (packed lunch)) or to go home (**HO** (home)).

1. Select **Focus | Pupil | Pupil Details** to display the **Find Pupil** browser.
2. Search for, then double-click the required pupil to display the **Pupil Details** page.
3. In the **Dietary** panel, ensure the minimum of a **Start Date** and **Country** are displayed in the **Eligible for Free Meals** panel. If you need to edit the data, highlight the required record and then click the **Open** button.

If a new record is required, click the adjacent **New** button to display the **Add Student Free Meals Details** dialog.

4. Enter the **Start Date** (and **End Date** if available) for the free meal period, as supplied by your Local Authority.
 5. Ensure that the UK **Country** in which the eligibility applies is correct. Select from the drop-down list, if required.
 6. Notes can be entered, if required.
 7. Click the **OK** button to return to the **Dietary** panel, where the new information is displayed.
 8. Click the **Save** button.
- Ensure that this information is checked/amended on a regular basis.

 **Completed**

Checking Ethnic and Cultural Information

Ensure that **First Language** information is recorded in SIMS:

- A First Language other than English should be recorded where a pupil was exposed to the language during early development and continues to be exposed to this language at home or in the community.
 - If the child was exposed to more than one language (which may include English) during early development, the language other than English should be recorded, irrespective of the pupil’s proficiency in English.
1. Select **Focus | Pupil | Pupil Details** to display the **Find Pupil** browser.
 2. Search for, then double-click the required pupil to display the **Pupil Details** page.
 3. Navigate to the **Ethnic/Cultural** panel.

4. Select the pupil’s **First Language** from the drop-down list, then click the **Save** button.

TIPS:

It is possible to bulk update **Ethnicity** and **First Language** for a selected group of pupils by selecting the relevant option from the **Data Item** drop-down list via **Routines | Pupil | Bulk Update**.

Home language is no longer collected in the School Census. Users with School Administrator permissions can remove the **Home Language** field from the **Student Details** and **Application** pages, if required. This is achieved by selecting the **Hide Home Language** check box in the **School Options** panel via **Tools | Setups | School Options**.

Home language is always included in CTF imports, CTF exports and the Reporting Dictionary, even if it is not displayed on the **Student Details** and **Application** pages.

Checking Additional Information

Ensure that **Service Children in Education** information is recorded in the Additional Information panel.

The Bulk Update routine can be used to assign and edit these values for a specific selection of pupils at the same time, if required (please see Updating Information Using the Bulk Update Routine on page 24).

1. Select **Focus | Pupil | Pupil Details** to display the **Find Pupil** browser.
2. Search for, then double-click the required pupil to display the **Pupil Details** page.
3. Navigate to the **Additional Information** panel.

NOTE: The **Meals** section will be removed in a future release because the meal information is now entered via the **Dietary** panel.

4. If the pupil is the child of a parent(s) in the armed forces, ensure that the correct value is selected from the **Service Children in Education** drop-down list.
5. Select how the school was notified about the **Service Children in Education** information by selecting from the **Source of Service Children in Education** drop-down list.
6. Ensure that any **Service Children Concerns** are recorded. Click the adjacent **New** or **Open** button, as required.
7. Ensure that the **Pupil Premium Indicator for year 2018/2019** check box is selected, if applicable. To enter a note related to the applicable year, click the **Search** button adjacent to the **Notes** field.

Although Pupil Premium information is not collected in the return, it is important for schools that are in receipt of this funding, which is allocated to children from low-income families, to be able to give a full account of its use. The national school performance tables now include information about the progress of pupils in receipt of Pupil Premium and information is required to be sent to parents about how it has been used and what impact it has had on pupil progress.

Checking Special Educational Needs Information

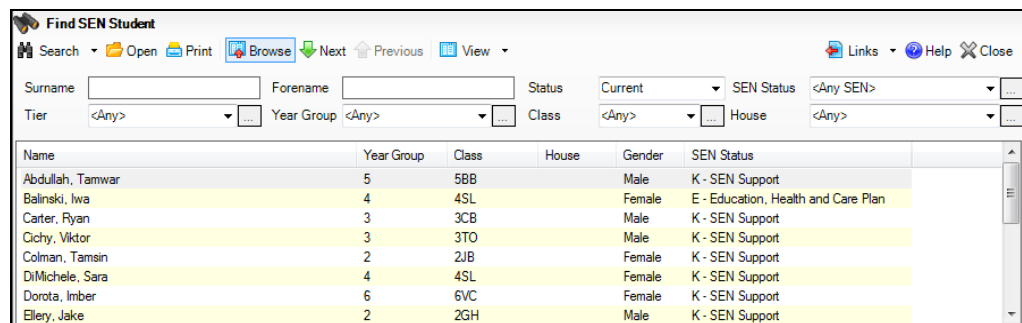

The following Special Educational Needs (SEN) items are collected in the return:

- **SEN Status** (SEN Provision)
 - **E – Education, Health and Care Plan** (EHCP) – the LA has reviewed the pupil and a plan has been issued.
 - **N – No Special Educational Need** - No special educational need has been identified.
 - **K – SEN Support** – actions have been put in place or will be put in place to support the pupil with their need, once a SEN need or potential SEN need has been identified..

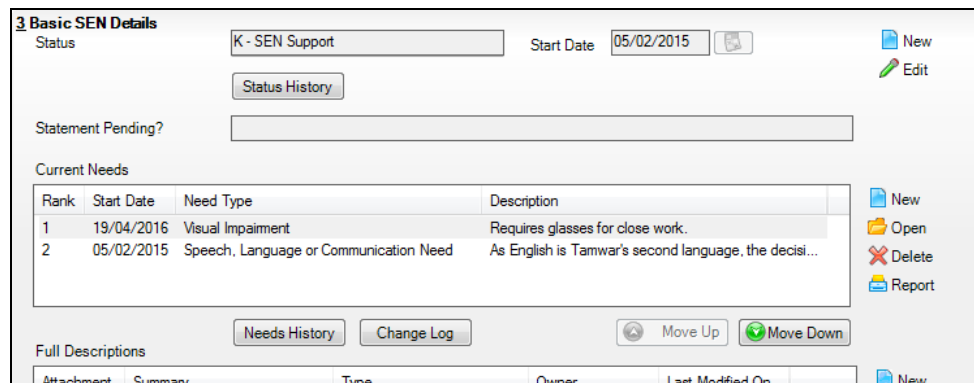

IMPORTANT NOTE: SEN Provisions/Statuses A, P and S are no longer valid.

- **Provision Type** (not applicable to Pupil Referral Units or Special schools)
 - **Time in SEN Unit** - member of SEN Unit
 - **Resourced Provision**

1. Select **Focus | Pupil | Special Educational Needs** to display the **Find SEN Student** browser.
2. Select the required **SEN Status** from the drop-down list. Additional search criteria can be selected, if required, e.g. **Year Group**.
3. Click the **Search** button to display a list of pupils who match the criteria.

4. Double-click the name of the required pupil to display the **Student SEN details** page.

- In the **Basic SEN Details** panel, ensure that the SEN **Status** and **Start Date** are correct.

To amend an error in the current **Status** or **Start Date**, click the **Edit** button. Select the required **Status** from the drop-down list and edit the **Start Date**, if required.

Alternatively, click the **New** button. This removes the original **Status** and the **Start Date** defaults to today's date. Select the applicable **Status** and change the **Start Date**, if required.

*NOTE: At least one Special Educational Need, e.g. **Visual Impairment**, must be recorded for all pupils with a SEN Status of **E – Education, Health and Care Plan (EHCP)** and **K – SEN Support**.*

To view changes that have taken place to the pupil's SEN Status, click the **Status History** button to display the **Status History** page.

- In the **Provisions** panel, ensure that records with a **Provision Type** of **Time in Unit** or **Resourced Provision** are recorded correctly.

Preparing Exclusions Information

Not applicable to Nursery schools

Exclusions information is required for pupils who were subject to any exclusion with a start date during the period 01/09/2018 to 31/12/2018 inclusive. Exclusions should not be counted if they were withdrawn by the Head Teacher, or if the pupil was re-instated by the Discipline Committee or an independent Appeal Panel.

The following exclusion related data items are collected for the return:

- Exclusion **Type** (category, e.g. fixed period, lunchtime or permanent).
- Exclusion **Reason** (select one code to provide the main reason).
- Exclusion **Start Date**.
- Actual number of sessions (**Length**) - required for fixed period and lunchtime exclusions.
- SEN Provision (please see Checking Special Educational Needs Information on page 48).

Preparing Termly Attendance Information

Not applicable to Nursery schools

Termly attendance data (including attendance codes and the number of sessions missed) should be provided for non-boarder pupils and leavers aged four to 15 inclusive on 31/08/2018, who were on-roll for at least one session during the collection period from 01/01/2019 to 21/04/2019.

The attendance data collected in this return includes:

- Attendance Codes (i.e. the reasons for absence)
- Number of Sessions Missed.

If you use SIMS Attendance or SIMS Lesson Monitor, attendance data is entered in the return automatically, provided there are no missing marks.

IMPORTANT NOTE: *If you use SIMS Attendance or SIMS Lesson Monitor, ensure that all missing marks and unexplained absences for the previous term have been dealt with before commencing the School Census Return.*

If you do not use SIMS Attendance or SIMS Lesson Monitor and you do not use a software package that writes back to the SIMS database, or if you have not converted to the code of practice for attendance codes, you need to calculate and enter the following information manually on the **Census Details** page (via **Routines | Statutory Returns | School Census**):

- Possible Sessions
- Sessions Missed due to Authorised Absence
- Sessions Missed due to Unauthorised Absence.

For information and advice about school attendance, please refer to the DfE website

(<http://www.education.gov.uk/schools/pupilsupport/behaviour/attendance>).

Recording Universal Infant School Meals

Applicable to schools with pupils in Reception, Year 1 and Year 2

NOTE for Special schools: The School Dinner Taken routine is applicable to Special schools that have on-roll pupils who have taken a school dinner on census day and who are in Year Taught In Reception, Year 1 or Year 2 and those in Year Taught In X aged four to six who were born between 01/09/2011 and 31/08/2014 inclusive.

All pupils in Reception, Year 1 and Year 2 in English state-funded schools are offered a Universal Infant School Meal, i.e. a hot meal at lunchtime. This applies to Academies, Free Schools and Pupil Referral Units, as well as to schools maintained by the Local Authority. The School Census collects information about pupils who receive a Universal Infant School Meal (school dinner) on census day.

School dinners taken on the **Reference Date** (by default, census day) can be calculated from the information stored in Dinner Money. Dinner Money users should therefore ensure that school dinners taken are recorded correctly via **Focus | Attendance | Take Register** or **Focus | Dinner Money | Record Pupil Meals**.

- If default meal patterns have been entered (via **Focus | Dinner Money | Pupil Default Meal Patterns**), the Dinner Register is populated automatically with the default meals.

For more information about setting up default meal patterns, please refer to the *Setting up and Maintaining Dinner Money* handbook.

- Where any 'pupil not present' attendance marks have been entered, the Dinner Register is populated automatically with an absent mark.
- Any special meals entered in advance are displayed and are not overwritten by the default meal pattern.

04 | Preparing Pupil Level Information

The attendance data recorded for census day morning can be used to calculate all pupils who are present and are likely to be taking a school dinner. Therefore, when completing the School Census **School Dinner Taken** panel, the calculated numbers must be edited to reflect hot meals provided by the school only. Ensure that the pupils listed on the Reception, Year 1 and Year 2 attendance registers are accurate and that the registers are taken on census day morning (before completing the School Census **School Dinner Taken** panel).

Updating Class Types

Applicable to Primary schools only

Before starting the return, it is necessary to indicate which class a pupil is a member of – either **Nursery** (if the child is currently in a LA designated Nursery Unit) or **Other** (any other class). This is only needed for newly added pupils where they have transferred from a LA designated Nursery Unit into an 'Other' class.

1. Select **Tools | Statutory Return Tools | Update Class Type** to display the **Update Class Type** page.

The values displayed on the **Update Class Type** page default to those of the previous return. Existing details should be checked and edited, if necessary, and the details of any new pupils added.

Editing Early Years

Early Years data is collected from all schools that have early years pupils on-roll on census day. The following items are collected:

- Hours at Setting
- Funded Hours
- Disability Access Fund
- 30 Hour Code
- Extended Funded Hours.

NOTE: Disability Access Fund, 30 Hour Code and Extended Funded Hours are not collected in the census for pupils aged two at 31/03/2019.

Funded Hours and Hours at Setting

Funded hours are the total number of free child care hours that a child receives. All three and four year old pupils are eligible for 15 hours funded child care a week. Advice about the eligibility of two year old children for funded child care can be found on the DfE website (<https://www.gov.uk/help-with-childcare-costs/free-childcare-2-year-olds>).

Hours at Setting include funded free entitlement hours (as described previously) plus any additional hours funded by other means.

The hours collected in this return are for the week in which the census day falls.

Date of Birth Ranges	School Type and NC Year Group	Funded Hours Maximum Entitlement
01/09/2014 to 31/03/2017 inclusive	All relevant schools and year groups.	15 hours for pupils where 30 Hour code is present
01/09/2013 to 31/08/2014 inclusive	For pupils in National Curriculum Year groups E1, E2, N1 and N2 only.	15 hours for pupils where 30 Hour code is <u>not</u> present

Disability Access Fund

The Disability Access Fund (DAF) is payable as a lump sum once a year and awarded to three and four year old pupils who meet the following criteria:

- They are in receipt of child Disability Living Allowance (DLA) and
- They access their entitlement to free early learning and childcare, e.g. funded hours.

Disability Access Fund data is collected in this return for pupils who are in receipt of the fund on census day.

Date of Birth Ranges	School Type and NC Year Group
01/09/2014 to 31/03/2016 inclusive	All relevant schools and year groups.
01/09/2013 to 31/08/2014 inclusive	For pupils in National Curriculum Year groups E1, E2, N1 and N2 only.

Extended Funded Hours and 30 Hour Code

Extended Funded Hours are the number of hours that a child can receive in addition to the initial 15 funded hours. Extended Funded Hours are applicable to three and four year old pupils only.

Extended Funded Hours can double the original 15 hours of free child care to 30 hours a week, i.e. 15 funded free entitlement hours + 15 extended entitlement hours = 30 hours, provided that the following criteria are met:

- Both parents must be working (or the sole parent is working in a lone parent family) and live in England.
- Each parent earns, on average, a weekly minimum equivalent to 16 hours at National Minimum Wage or National Living Wage.
- Each parent must have an annual income of less than the specified amount.

Parents who meet the extended funded hours criteria must obtain a unique code from the Tax Office (HM Revenue & Customs), then provide it to the school, together with other details, to confirm their eligibility for extended child care hours.

The 11 digit **30 Hour Code** and the number of extended funded hours are collected in this return for the week in which the census day falls.

Date of Birth Ranges	School Type and NC Year Group	Extended Funded Hours Maximum Entitlement
01/09/2014 to 31/03/2017 inclusive	All relevant schools and year groups.	15 hours
01/09/2013 to 31/08/2014 inclusive	For pupils in National Curriculum Year groups E1, E2, N1 and N2 only.	15 hours

Extended Funded Hours information provided by the DfE can be found on their website

(<https://www.gov.uk/government/publications/30-hours-free-childcare-la-and-early-years-provider-guide>).

Updating Early Years Information

Early Years data is collected from all schools that have early years pupils on-roll on census day.

Data for the following items can be recorded before completing the return (via **Tools | Statutory Return Tools | Update Early Years**):

- **Funded Hours** - Funded hours are the total number of free child care hours that a child receives.
- **Hours at Setting** - Hours at setting include funded hours plus any additional hours funded by other means.
- **Disability Access Fund** - The disability access fund is payable as a lump sum once a year and awarded to pupils who meet the required criteria.
- **30 Hour Code** - The 11 digit 30 hour code must be obtained from the Tax Office (HM Revenue & Customs) by parents who meet the extended funded hours criteria.
- **Extended Funded Hours** - Extended funded hours are the number of hours that are in addition to the initial 15 funded hours that a child can receive.

The early years data is collected for the week in which the census day falls with the exception of disability access fund, which is collected for pupils who are in receipt of the fund on census day.

NOTE: Disability Access Fund, 30 Hour Code and Extended Funded Hours are not collected in the census for pupils aged two at 31/03/2019.

1. Select **Tools | Statutory Return Tools | Update Early Years** to display the **Update Early Years** page. Only cohorts applicable to your school are displayed.

Where available, the hours data is brought forward from the previous Census.

Barnes, Isaac	02/03/2015	001654	N2	PM	3	3	4	15	15			

The **Update Hours** button is available to Primary schools only. It enables Hours at Setting, for pupils who are receiving free nursery care, to be updated automatically (provided that Early Years Attendance Patterns have been defined via **Focus | Pupil | Pupil Details**).

2. Click the **Update Hours** button to display the number of hours that the listed pupils are expected to attend during the census week (based on the early years provision times recorded as part of their attendance pattern).

NOTE: If your school does not use the Define Early Years Attendance Patterns functionality, the data can be entered in the grid manually.

3. To add or edit the number of **Hours at Setting**, **Funded Hours** or **Extended Funded Hours** for an individual pupil, select the required criteria from the options in the **Pupils View** panel. Highlight the required pupil record in the **Pupils** panel, click the applicable cell and then enter the required number of hours.

IMPORTANT NOTES: Values for **Funded Hours**, **Hours at Setting** and **Extended Funded Hours** should be entered using two decimal places. For example, 1 hour 15 minutes must be entered as 1.25. Zero (0) is an accepted value.

If the value entered is within the accepted range but higher than expected by the DfE, a validation error is displayed when the return is created and validated. An explanation as to why the value is higher should be recorded on the COLLECT Portal.

04 | Preparing Pupil Level Information

4. If most of the pupils are receiving the same number of hours, the following method can be used to quickly populate the column:
 - a. In the **Pupils View** panel, select the required year group from the **YTI** (Year Taught In) drop-down list. Only the selected pupils are displayed in the **Pupils** panel.
 - b. Right-click in the **Pupils** panel, then select **Select All** from the drop-down list.
 - c. Click in one of the highlighted cells of the column you wish to populate, i.e. **Hours at Setting, Funded Hours** or **Extended Funded Hours**, then enter the number of hours that is applicable to the majority of pupils.

This number is then entered automatically for the remaining pupils.
 - d. Click to the right of the grid to deselect all.
 - e. Edit the entry for each pupil who is receiving a different number of hours. This is achieved by highlighting the required pupil, clicking in the associated **Hours at Setting, Funded Hours** or **Extended Funded Hours** cell, as applicable and then entering the required number.
5. Indicate whether the pupils are in receipt of the **Disability Access Fund**. Click the applicable cell, then select **Yes** or **No** from the drop-down list.
6. Enter the 11 digit 30 Hour Code, e.g. 50000000000, in the applicable cell, if in receipt of extended funded hours.
7. Click the **Save** button.

The Early Years report is available from the **Detail Report** drop-down list via **Routines | Statutory Returns | School Census**.

Using the Status to determine if Hours at Setting or Funded Hours are recorded

1. In the **Pupils View** panel, ensure that the required **Age at date, YTI** and **Reg** group are selected and then select **No Hours at Setting** (or **No Funded Hours**) from the **Status** drop-down list.

Only pupils who do not have an entry for **Hours at Setting** (or **Funded Hours**) are displayed.

Updating Pupils Post Looked After Arrangements

Post Looked After Arrangements (previously named Adopted from Care) is collected for pupils who are on-roll on census day and the information is then used for funding purposes.

The values available for selection enable schools to indicate which pupils were looked after immediately before adoption or prior to being the subject of a residence or special guardianship order. However, those who have parental responsibility are not obliged to provide this information to the school.

1. Select **Tools | Statutory Return Tools | Update Post Looked After Arrangements** to display the **Update Students Post Looked After Arrangements** page.

Any pupils currently recorded as having post looked after arrangements are displayed in the **Post Looked After Arrangements** list (located in the bottom half of the page).

Changing an Enrolment Status

A pupil **Enrolment Status** defaults to **Single Registration** but can be changed via the **Routines** menu, if required.

The following enrolment statuses are available:

- **Single Registration** - this status represents a normal, full-time pupil who is only registered as on-roll at your school.
- **Guest Pupil** - this status represents a pupil who is on-roll at another school, but attends your school for certain lessons. There is no need to register them as on-roll at your school.
- **Main-Dual Registration** - this status indicates that the pupil is registered at another school for some of their timetable, but the majority of their time is spent at your school. This status carries legal and financial implications and should only be used after agreement with the other school involved.
- **Subsidiary-Dual Registration** - this status indicates that the pupil is registered at another school for the majority of their timetable and only a minority of their time is spent at your school. This status carries legal and financial implications and should only be used after agreement with the other school involved.
- **FE College** (applicable to Pupil Referral Units in England only) - this status indicates that the pupil is registered at an Further Education College and only a minority of their time is spent at your school.
- **Other Provider** (applicable to Pupil Referral Units in England only) - this status indicates that the pupil is registered at another provider and only a minority of their time is spent at your school.

NOTE: SIMS uses the information in the enrolment status change log to determine enrolment on census day.

1. Select **Routines | Pupil | Change Enrolment Status** to display the **Find Pupil** browser.
2. Search for, then double-click the name of the required pupil to display the **Change Enrolment Status** page.

05 | What Next?

After carrying out the preparation routines documented in this guide, ensure that any subsequent changes at your school (e.g. pupil basic detail changes, SEN provisions changes, leavers and admissions/re-admissions, etc.) are recorded accurately in SIMS.

The SIMS 2019 Spring Release (7.186) must be installed before completing the School Census Summer 2019 Return. However, it is advisable to check whether a later version of SIMS is available and then upgrade to the current release, if necessary, as it may include updates applicable to the forthcoming return.

You should now be ready to produce the final School Census Summer 2019 Return.
